Redbridge Equalities & Communities Council (RECC) has been in existence for over 50 years. We have a proud tradition of fighting for racial and all areas of equality in the borough.

Who are we?

RECC is an advice and advocacy charity.

We have a network of volunteers and have been commended for our work with young people.

What services can we provide?

We help people when they are experiencing hate crime, this could mean an offer of mediation, assisting clients with making police reports or liaison with the local authority. We also help people experiencing difficulties accessing housing; your tenancy is at risk or if you need help with welfare benefits and in other areas. We do not turn anyone away and if your enquiry is something we do not deal with, don't worry we will either signpost or refer you to the agency that can help.

Looking to the future we have a new project launching soon promoting inclusion between sections of our communities to build good relations and a harmonious community.

Want to help us?

As the only Equalities organisation in the borough:

You can either join our team of volunteers or become a member of the RECC
